Higeco
Secure
Controller

► CYBERSECURITY

Cert. IsaSecure CSA 62443-4-2

► DURABILITY

Industrial-strength Hardware

► VERSATILITY

Customizable Software

► PLUG & PLAY

Up and running with a simple browser

► CONNECTIVITY

Up to 3 Ethernet ports

► ADAPTABILITY

Industrial, Renewables, Energy

OUR PRODUCT

The Higeo Secure Controller or HSC-110-C is the all-in-one RTU for Industrial Automation and Control Systems (IACS). You get to enjoy peace of mind with a unit fully equipped with advanced hardware and software cyber security functions. Flexibility at its best, the RTU is custom designed to meet all your needs in remote monitoring and control of energy and industrial production plants.

A total solution including two can bus ports, a RS485 port and a RS422 port for field data acquisition you can rely on.

SPECIFICATIONS

Dimensions	150x167x58 mm
Supply	12-24 Vdc \pm 10% (with back-up battery)
Absorbed power	10 VA max
Operating temperature and humidity	-20°C ÷ +70°C / 10% - 90%
Protection	IP20
Communication	2 x Ethernet RJ45 10/100/1000 Mbps 1 x Ethernet RJ45 10/100 Mbps
Serial ports	1 x RS485 - 1 x RS422
Supported protocols	IEC 61850, IEC 60870-101, IEC 60870-104, Modbus RTU, Modbus TCP, CanOpen, DNP3, OPCUA
